

Common Expertises Paper: Results

Elisa Vignaga, General Secretary
European Network of Environmental
Professionals

ENEP General Assembly, Brussels,
07 September 2012

Overview

- 1. Response to the call for the “Common Expertises paper”;**
- 2. Individual members’ professions;**
- 3. Areas of Expertise;**
- 4. Level of education;**
- 5. Training courses or activities.**

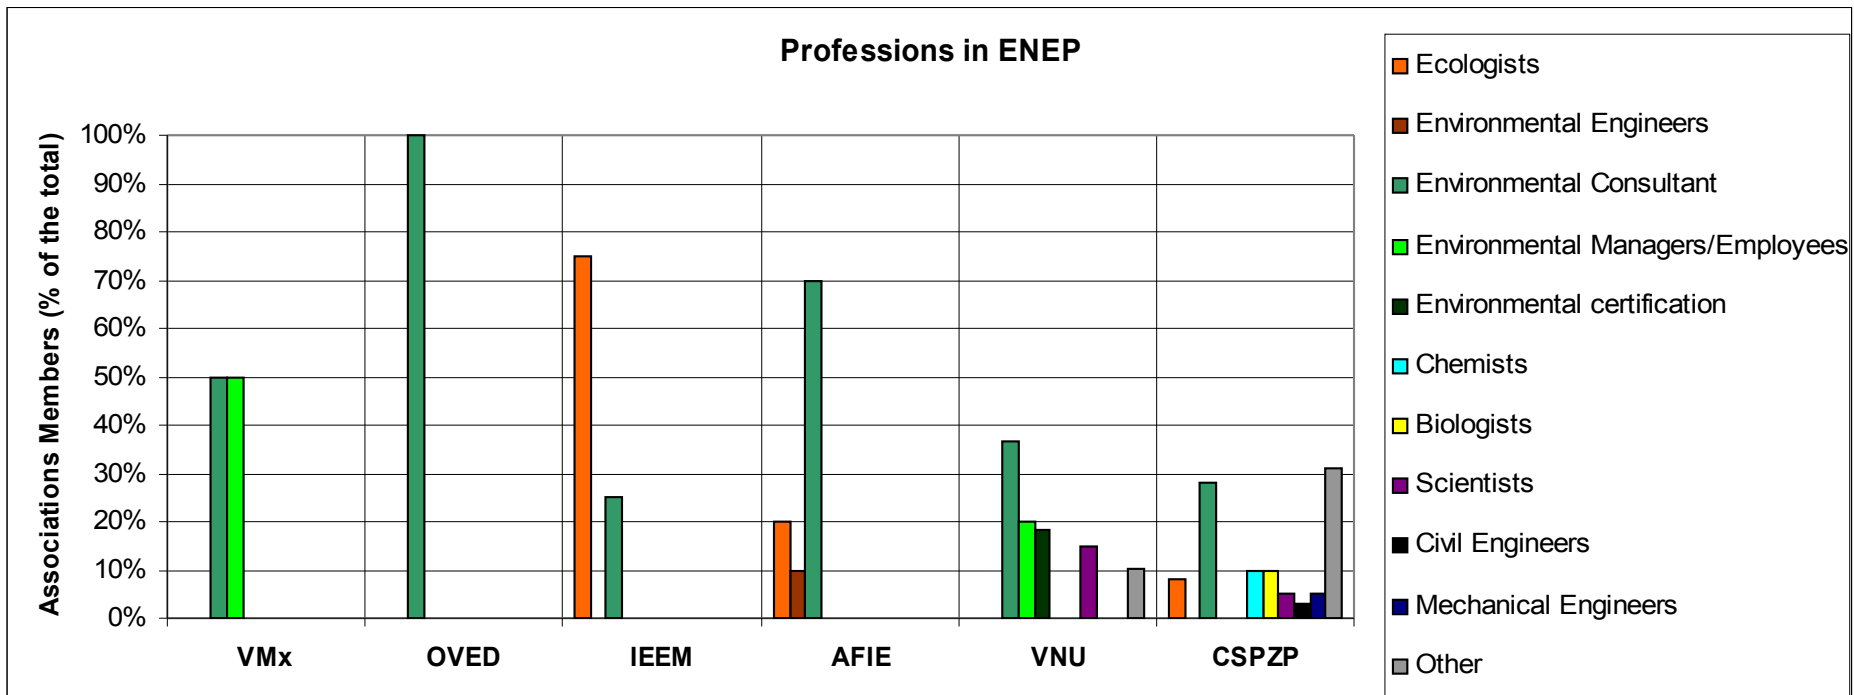

1. Response to the call for the “Common Expertises paper”

- Document sent to different channels:
 - **GA list** (18/07);
 - **Secretariats list** (18/07 and 02/08);
- Characteristics of the doc:
Matrix to be filled in (total time about 10 minutes);
- Response: 26%
6/23 Associations

Review:

1. Is the communication not reaching the right people (e.g. lists not updated)?
2. Was the task too time consuming?
3. How can we improve this outcome?

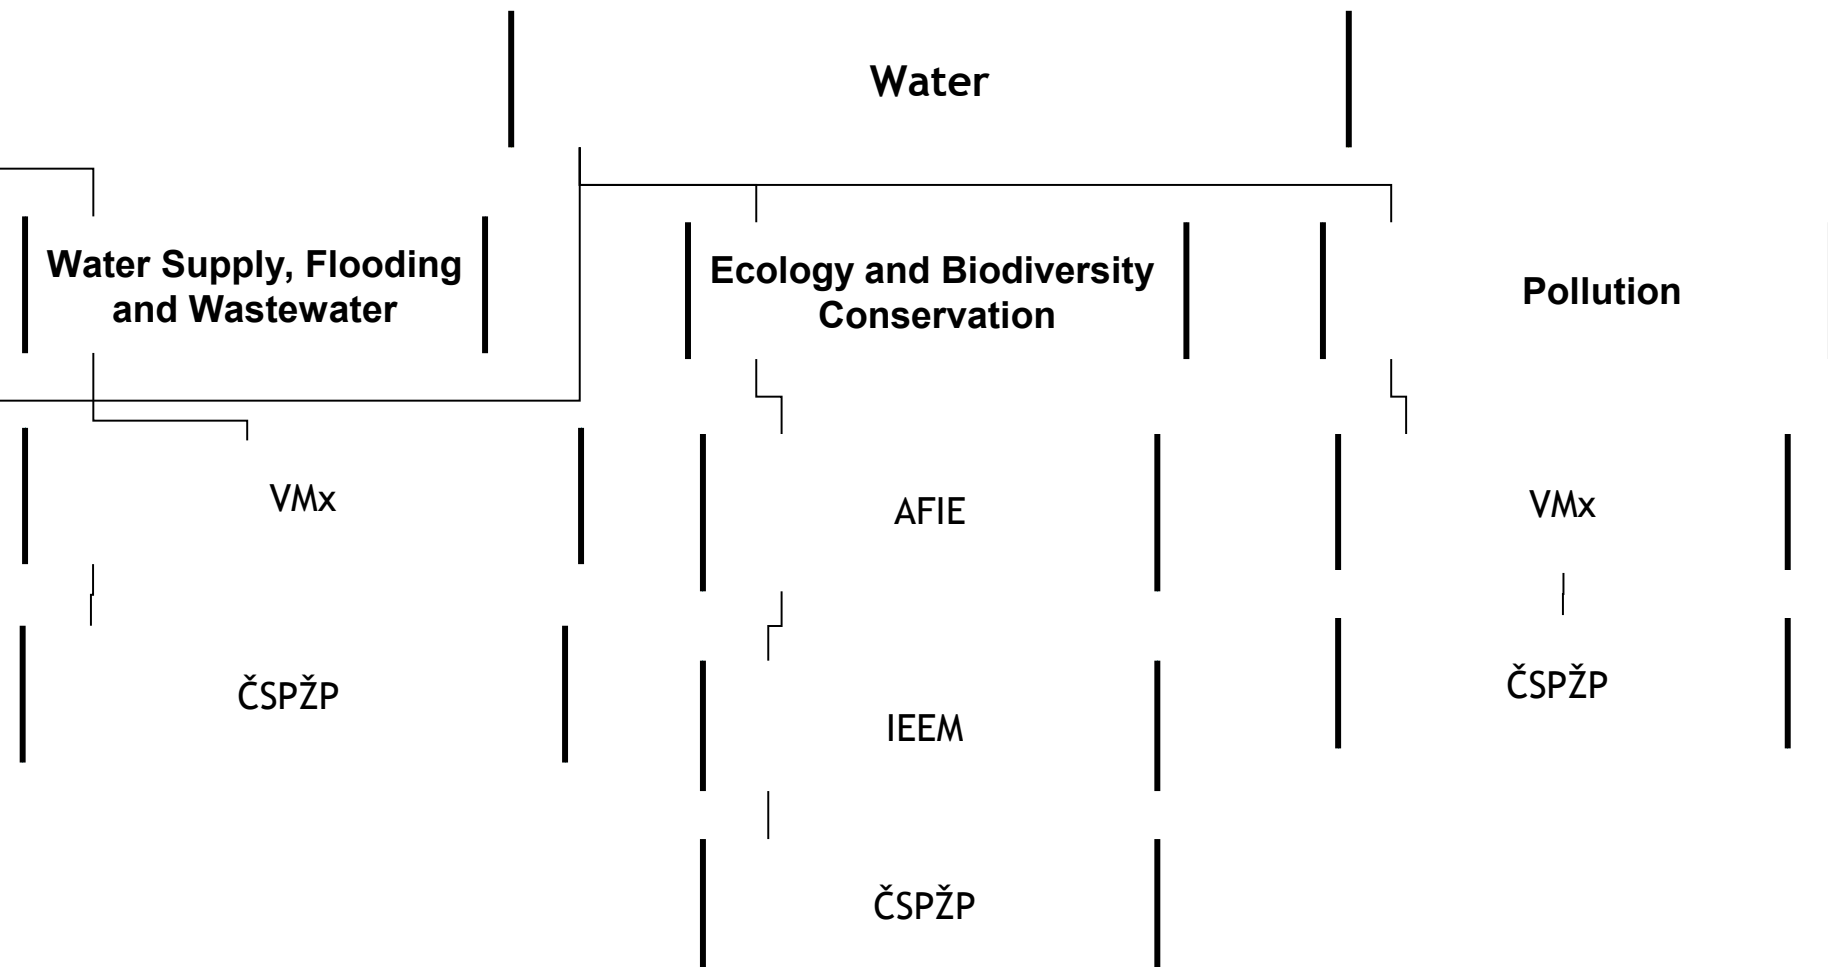

2. Individual Members' professions

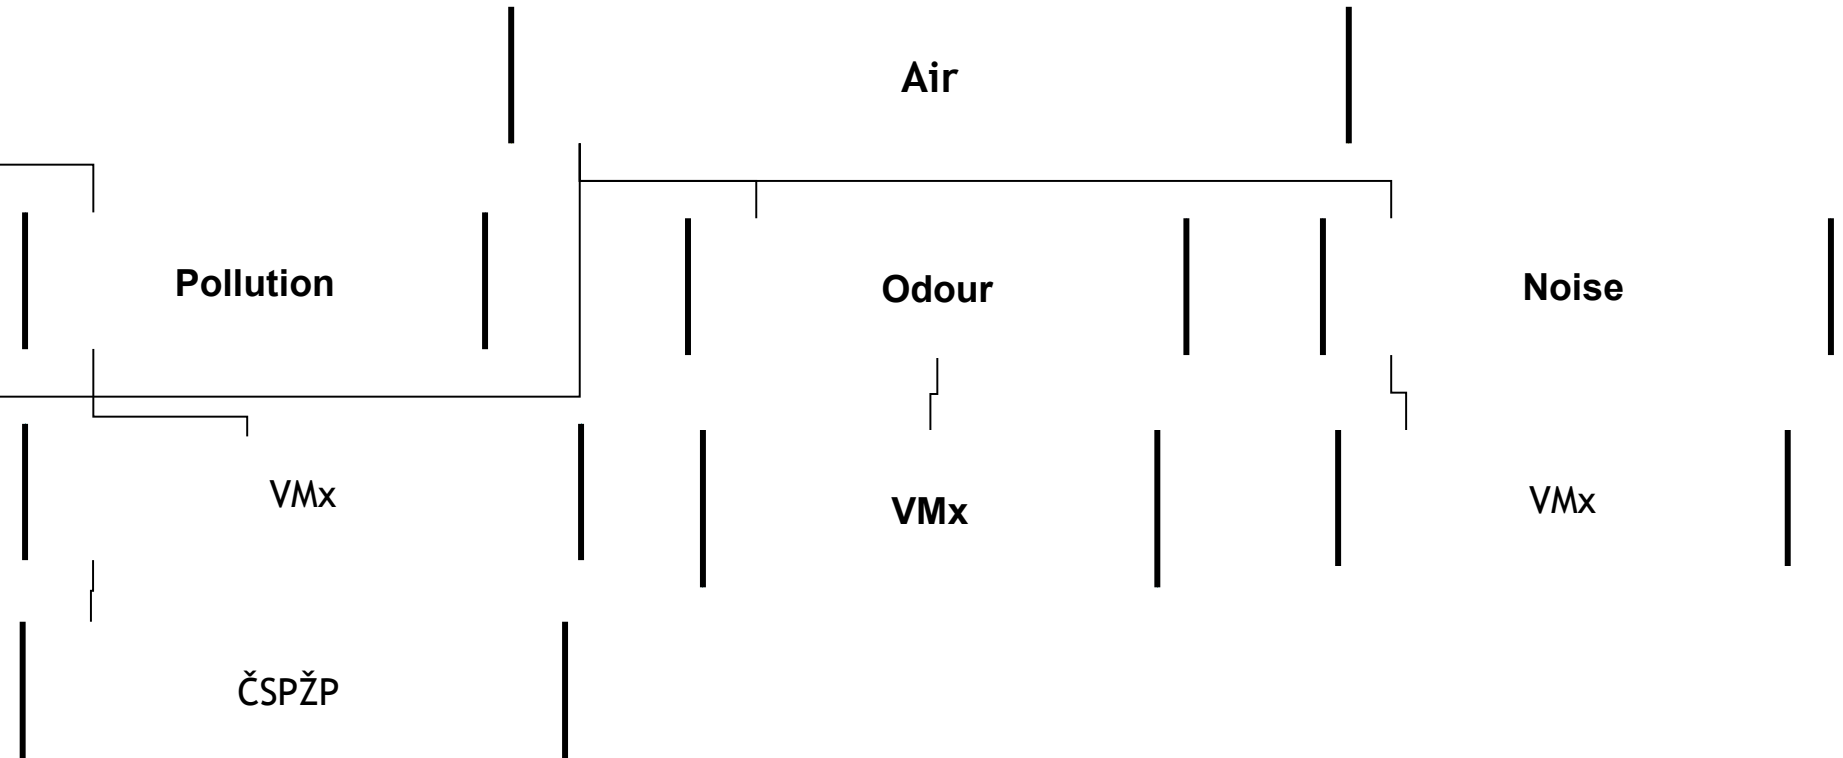

Review. Common expertises among:

1. Environmental Consultant in: **VMx, OVED, IEEM, AFIE, VNU, CSPZP;**
2. Environmental Managers/Employees: **VMx, VNU;**
3. Ecologists: **IEEM, AFIE, CSPZP.**

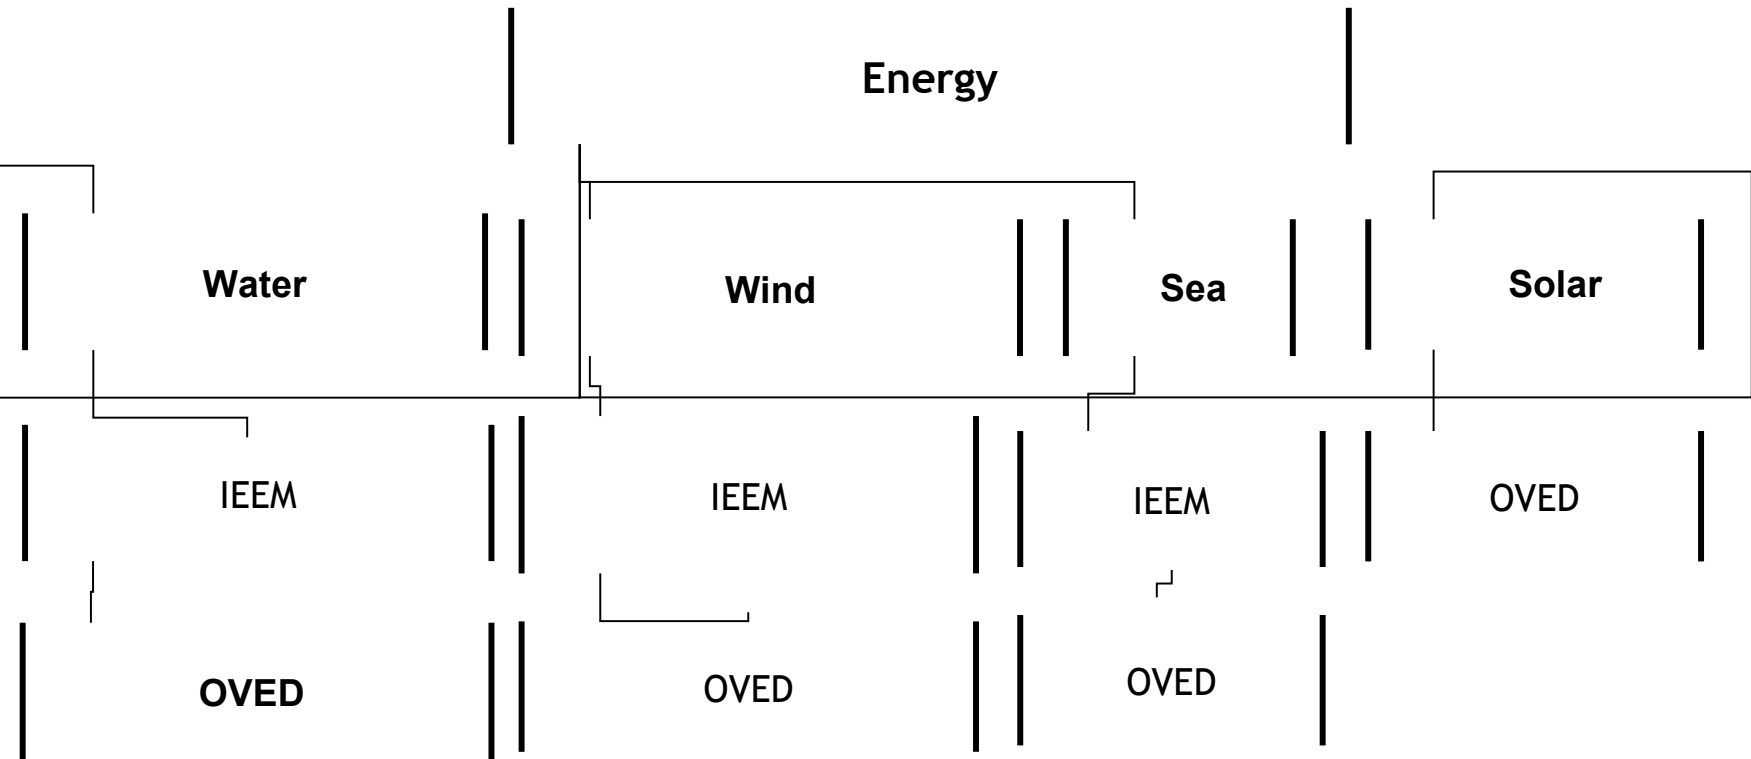

3. Areas of Expertises (I)

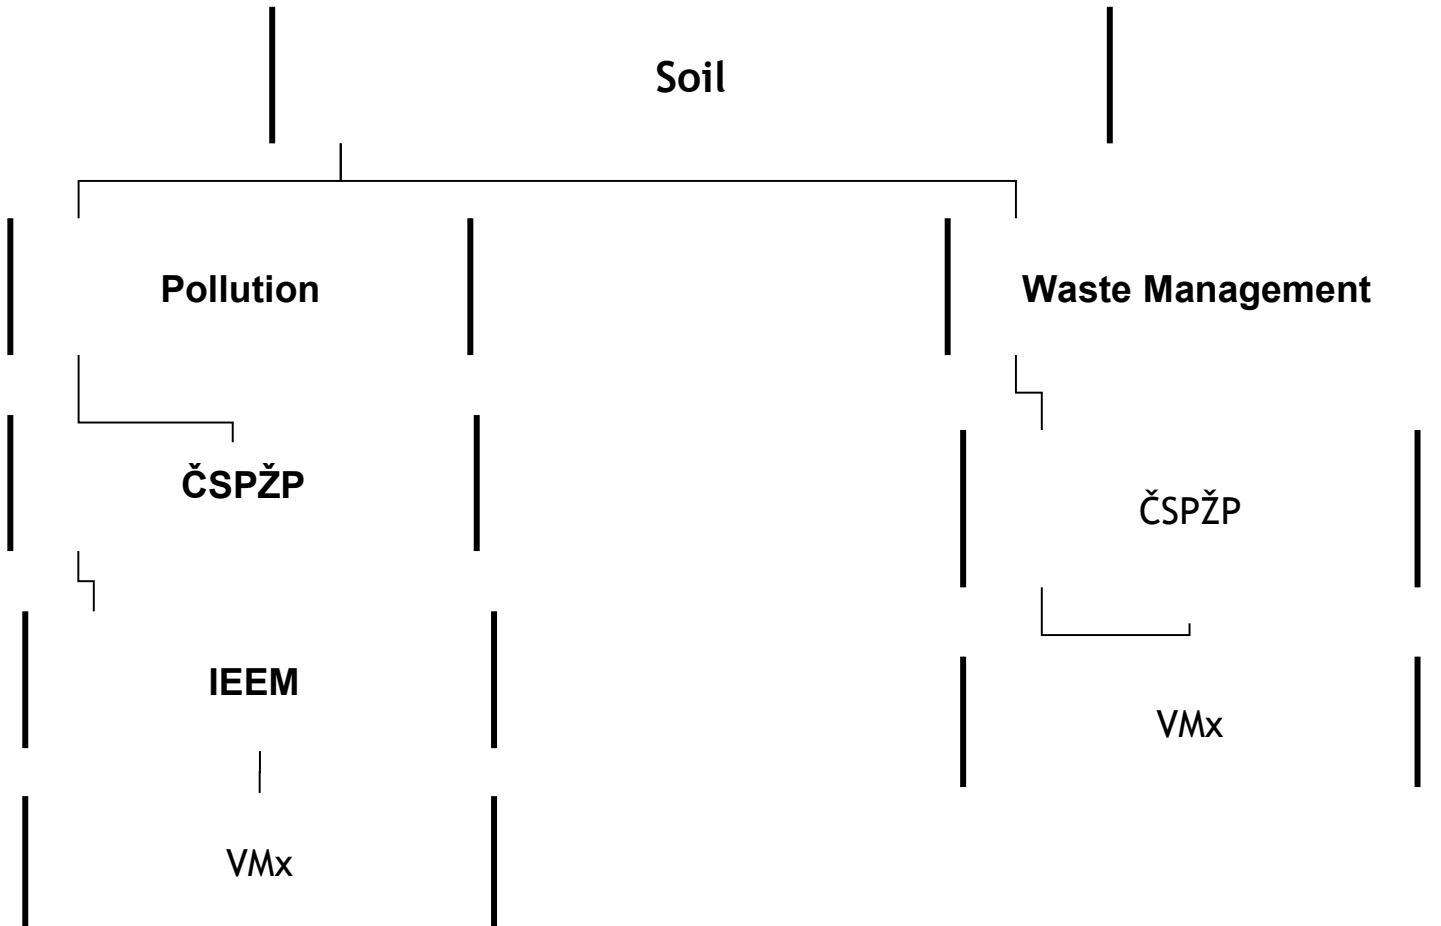

3. Areas of Expertises (II)

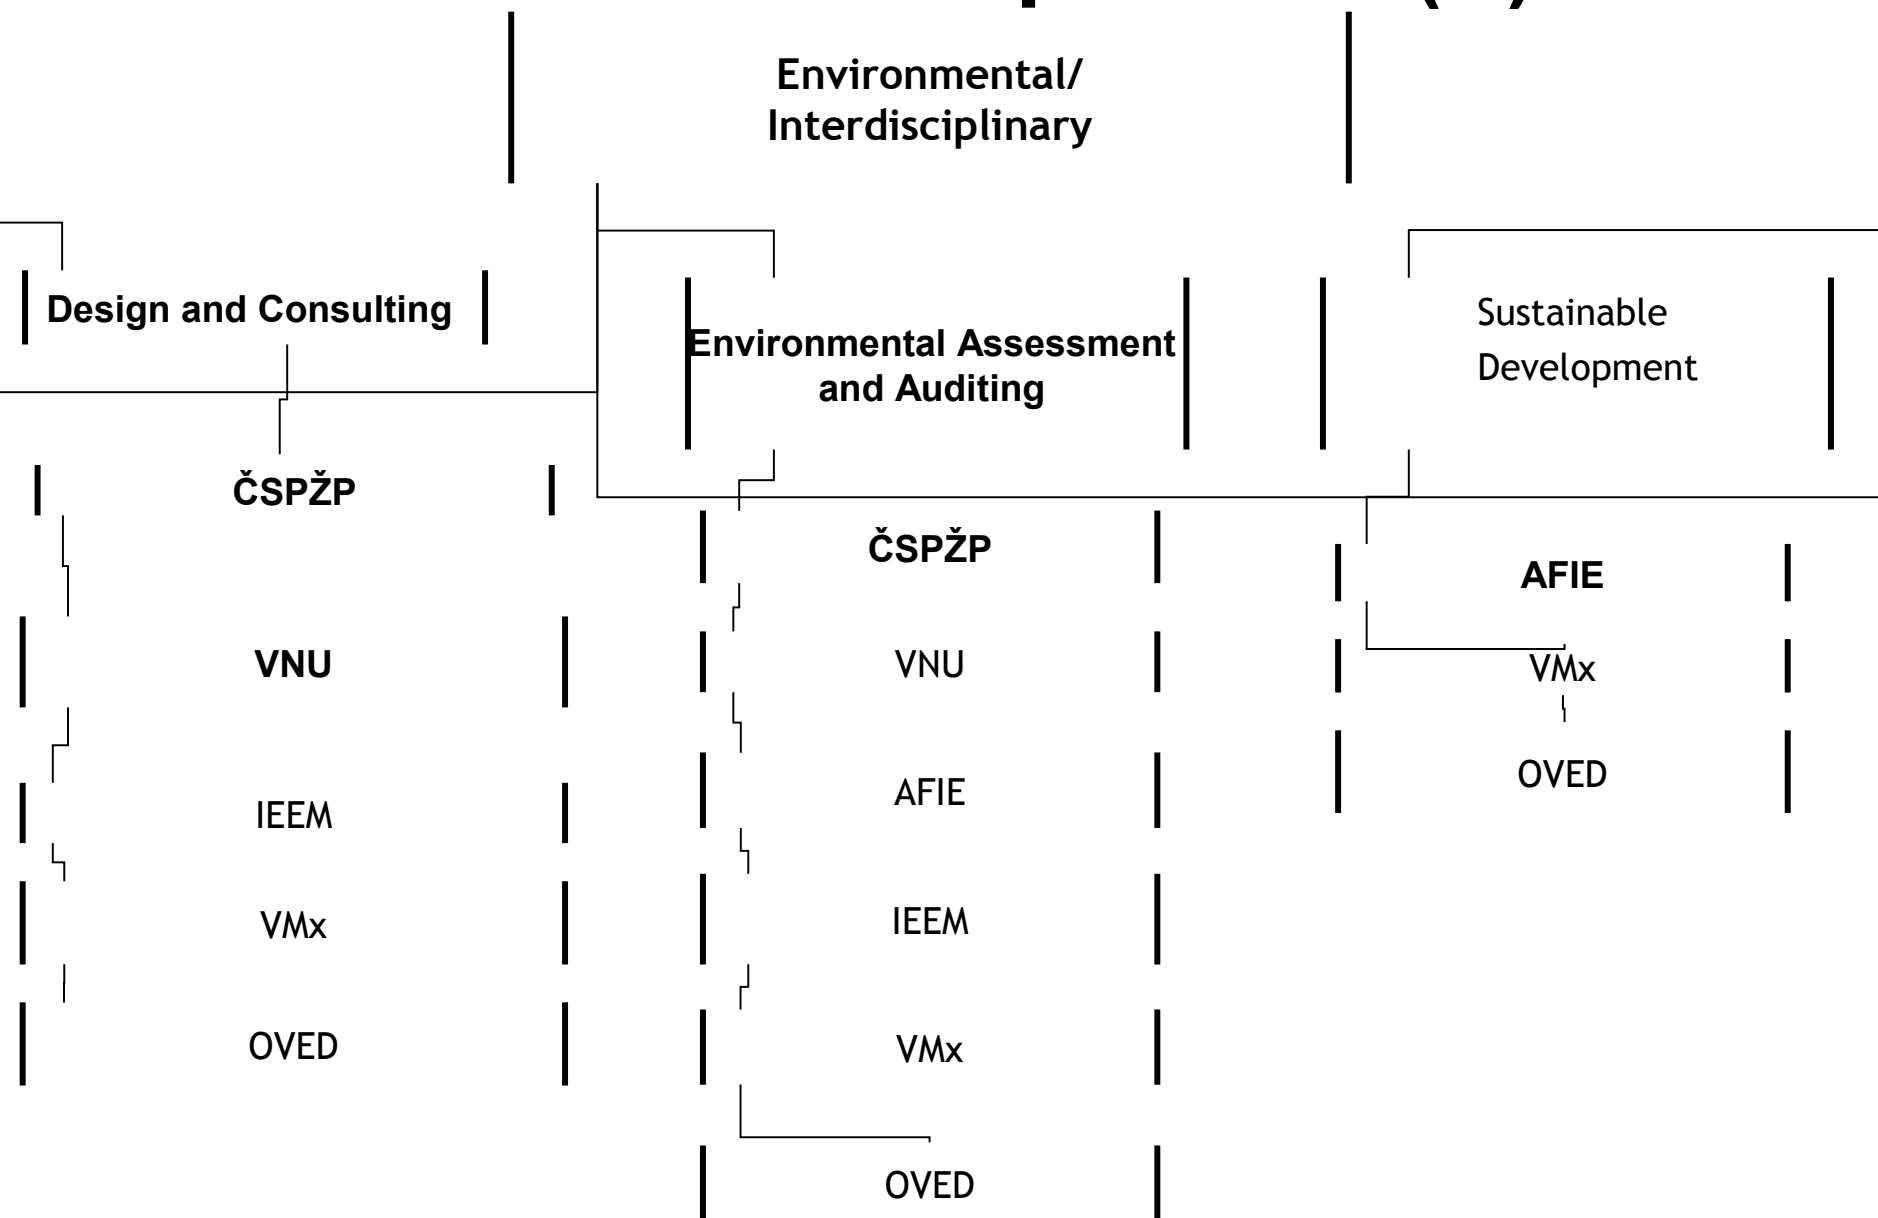

3. Areas of Expertises (III)

3. Areas of Expertises (IV)

3. Areas of Expertises (V)

4. Level of education

- **ČSPŽP**: Ing., Master, PhD;
- **AFIE**: Master;
- **IEEM**: Minimum Bachelors degree, Master, PhD;
- **OVED**: Scientific degrees;
- **VMx**: Minimum Bachelors.

5. Training courses or activities (I)

Green Infrastructure

AFIE

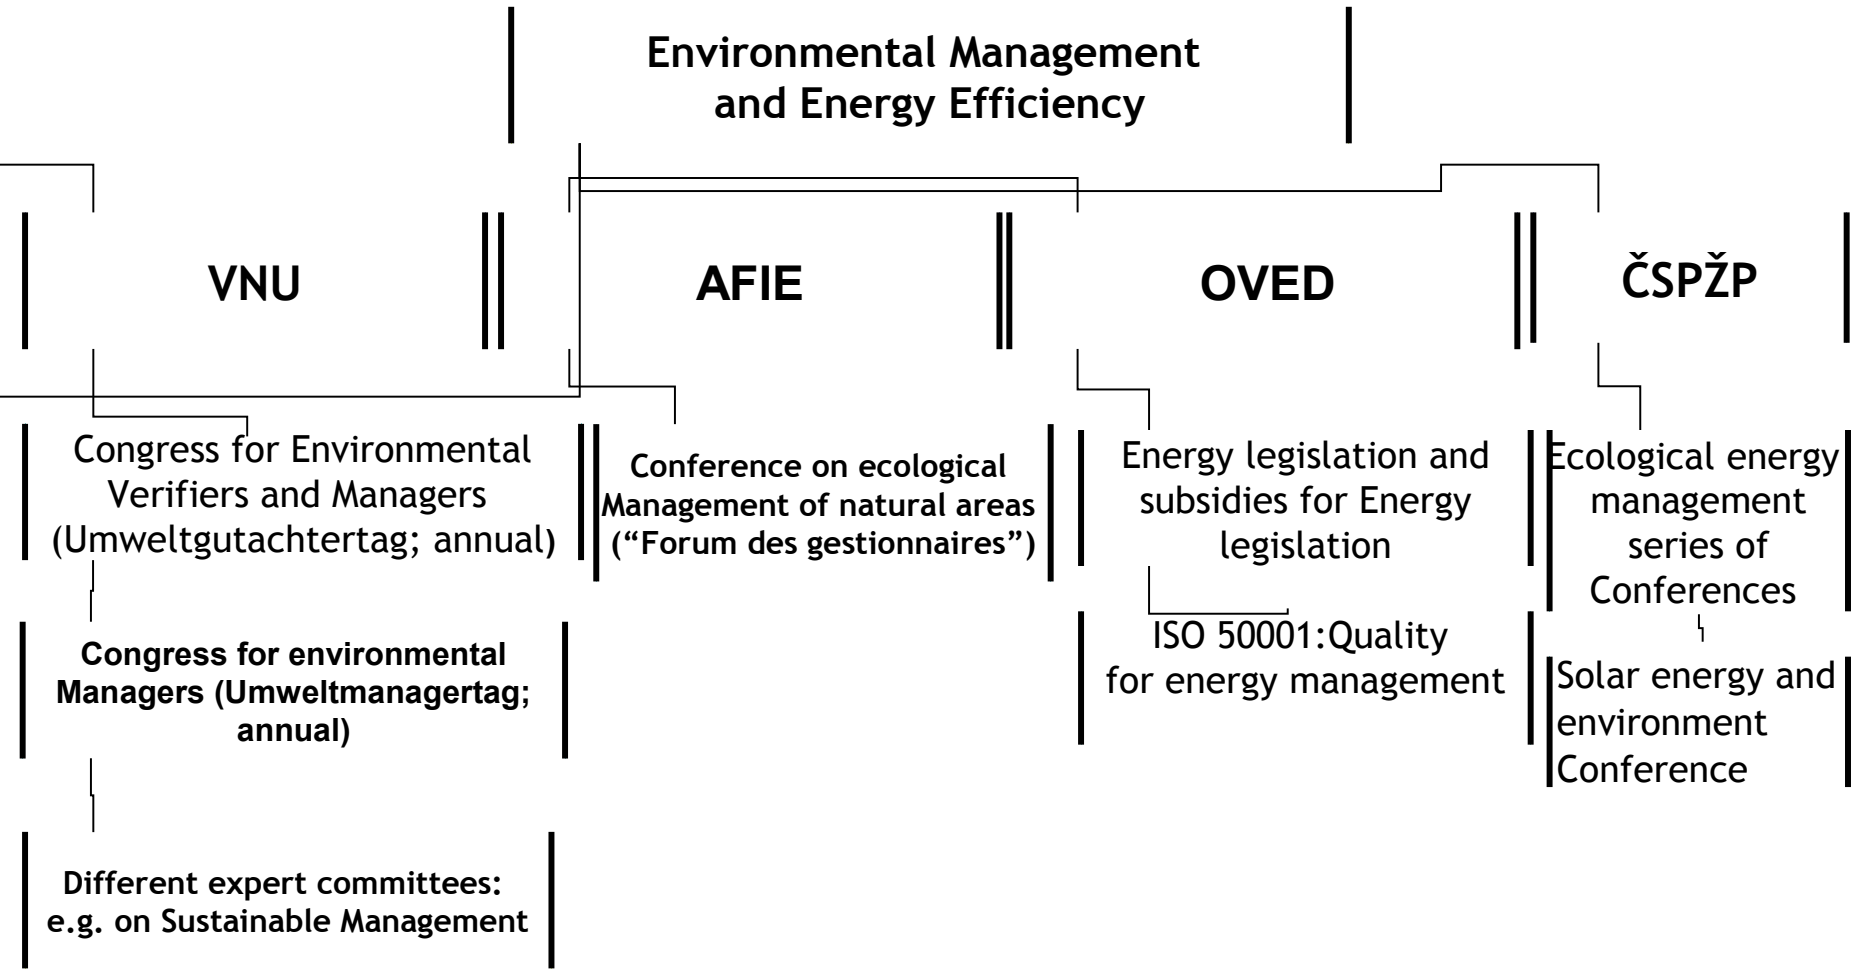

VMx

Conference on the building industry and
biodiversity
(early 2013)

Spatial planning for the environment

Collaborative workshops on regional green
infrastructures (ongoing)

5. Training courses or activities (II)

5. Training courses or activities (III)

VNU

Congress for environmental Verifiers and Managers (Umweltgutachterttag; annual)

Congress for environmental Managers (Umweltmanagertag; annual)

ENEP EMS Forum, Brussels (annual) For European environmental management experts

Different expert committees: e.g. on Sustainable Management

AFIE

Conference on the building industry and biodiversity

Conference on Landscaping and Ecology

Collaborative workshop on project management on ecological works in wetlands

Collaborative workshops on regional green infrastructures

Involvement in the organization of conference on ecological management of natural areas ("Forum des gestionnaires")

CSPZP

IEEM

Professional Development Programme

Conferences

Higher education degree accreditation

Competency Framework

Actual problems of waste management discussions - Workshop on Waste Management

Hazardous waste management (f.e. sanitary waste) - Training courses

Biosafety - series of Conferences

Environment and noise - Conference

Environment and lightening - Conference

Ecological energy management series of Conferences

Solar energy and environment - Conference

Nuclear energy and environment - Conference

Czech Inspection of Environment's experiences - Conference

VMx

CSR: a new benchmark

The new waste directive in Flemish regulation: up to a material vision?

Avoiding Flooding trough water housekeeping

Liabilities and recognition of the environmental professional

Spatial planning for the environment

OVED

Energy efficiency: a new legislation

Heat networks: Collective systems for social housing

Energy legislation and subsidies for Energy legislation

ISO 50001: Quality for energy management

Thank you!
